MILLIONS NOW CALLING FOR SECESSION are fearful that the formerly 'United' States of Amerika is about to crash and burn.

As of November 14, 2012, citizens from all 50 states have filed petitions on the White House Website ("We the People") to secede from the union.

Texas leads the movement in the secession race with 101,328 online signatures, followed by Georgia with 42,000 signatures and Louisiana with 32,000.

The most popular petition issues (still unanswered by Obama) are the following:

- ABOLISH the TSA
- REPEAL ObamaCare
- REPEAL the Patriot Act
- RE-ESTABLISH the SEPARATION Between Investment & Commercial Banks
- RESTORE DEMOCRACY by ENDING Corporate Personhood
- CLOSE All Torture Facilities
- DISSOLVE the Electoral College
- And finally RESTORE OUR CONSTITUTION!

Each and every item above that millions of Americans want negated have ALL been *installed* (including Glass-Steagal) by American Jewry except the Constitution.

Jewry's shredding of the Constitution begins with its endless and evil instigation and succession of utterly Unconstitutional wars across the globe, criminalizing free speech, passing hate speech laws, and curtailment of the right of Free assembly…which often ends with the herding of demonstrators into so-called 'free speech zones'…always well away from the protestor's targets.

SECESSION WILL LIMIT JEWISH CONTROL

"THE SMALL NATION MANIFESTO" calls for a *small-state* world achieved through secession that would purportedly resolve all problems of those "arising from the abuse of power."

Part of the work of a self-determination/secession movement known as the Second Vermont Republic is that the Manifesto's end result would theoretically eliminate the tyranny and oppression of the main power bloc in Amerika - International Jewish Zionism.

Here's how the Manifesto NAILS the shadow of ceaseless Jewish tyranny over our lives:

"We have become pawns of a global system of dominance in which MegaStates control us through money, markets, and media, sapping our political will, civil liberties, collective memory, traditional

cultures, and political independence." View Entire Story Here.

INTERNATIONAL AND AMERICAN JEWRY has a total lock on our money system via savage political bribery and blackmail, and the wicked, pernicious control of all the chokepoints of globalization, and the media.

This is why I LIKE secession.

For by *narrowing* the field of financial and political trade - and media power – *via secession*, limits on Jewish tyranny could become both manageable and containable.

In the Libertarian book, "Human Scale," author Kirkpatrick Sale argues against the "one-size fits all" paradigm inherent in Federal tyranny.

OPPOSING THE COERCION of big government with its laws and institutions, the author advocates a "small is better" ideal in which "local" people decide and implement those things they actually understand and can effectively monitor.

Regulating and controlling aggressive and suffocating Jewish control would, in fact, be the ultimate HALLMARK of the secession from our Jewish-run Federal government.

This - for more than ANY other reason - is why I LIKE the idea of state SECESSION.

Dear Real Jew News Family.

Yes Siree! We FINALLY found an answer to JEW CONTROL that PLAGUES our nation...Secede! Secession! Secede!

I'm ALL FOR IT!

Perhaps it will never happen BUT AT LEAST it is beginning as a grass roots movement with the chance he can really grow.

Let's keep a close eye on it and see if it can really happen. (I doubt it BUT...you never know...)

Then today I just learned that the Creche I use for the Nativity Scene CANNOT be repaired due to it being broken up by HIGH WINDS last December 2011.

I called Hobby Lobby where I bought the Outdoor Very Large Creche but they NO LONGER carry it. I can't find anywhere the large size I need.

I had to call a home builder here in Summit County who helps me put up and take down the Nativity Scene and he is going to build me one from scratch which COSTS MONEY.

Besides the Nativity Scene Project, (I still hope to launch the "Stop The Menorah Project" in 2013 if I can get the funding), I have HIGH EXPENSES running this site.

Anything is welcome so long as Jews can be dismantled from the control of nations.

Jews are a minority in any nation except in Israel which they stole from another people by the power of their filthy lucre to bribe and blackmail governments.

Everybody can agree that Democracy to have any meaning at all is for political power to be in the hands of the majority.

Political power in the hands of a very minute minority is not democracy but the opposite - DICTATORSHIP.

God bless you, dear +BN.

The Secession petitions may be just symbolic at the moment.

As much as the Ovomit White House laughs and snickers it off and slaps their knee in mockery with Leno, better believe that they've already got their spin doctors working on how secession is illegal and unconstitutional, and how to nip this thing in the bud pronto.

The popular sentiment of Secession has shown up as e-petitions on an official White House government site from all over the US, and further, the story been carried in the Mainstream Media and a lot more people are seeing it than the exposure on the usual alternative sites.

It is not so easy to dismiss this thought in the minds of the populace.

Great article, and nice to have something a little more moodlifting and positive to kick around.

The Republic of Jefferson lives!

God bless you, dear +BN

Actually, it won't work.

The secession movements have already been polluted with some of the Secular Few's pimps and prostitutes. A minute few are blatantly boasting about it and most are quietly supporting it while abiding their time.

Most importantly, only under Christ's rule will we achieve true peace and prosperity. History has proven that man is unfit to rule over himself and it definitely will be no different next year.

One must believe in the good Lord with heart, mind and soul. Why do you think that the Hebrews wandered in the Wilderness for oh so long?

Currently, all have lived under the system far far to long and we all have been influenced/corrupted in one way or another.

And why are the fake Jews, the Khazars, in Palestine now?

Believing in the Lord will not get you your rights here in this world unless you fight againstt these devious Jews by whatever means possible.

Nor will morale lowering comments like yours help the weak among us to motivate them to put up the necessary resistance.

Why look back to the republic and the constitution? Look forward to the Kingdom of God.

Mark 1:15 GNB “The right time has come,” he said, “and the Kingdom of God is near! Turn away from your sins and believe the Good News!”

If it was near then, now much more is it now!

Brother Nathanael writes:

“Regulating and controlling aggressive and suffocating Jewish control would, in fact, be the ultimate HALLMARK of the secession from our Jewish-run Federal government.”

Secession is attractive, but keeping the Yids out of a new country that White American Christians create would be a major problem.

Even if a secession movement is successful, the filthy Jew-parasites would infiltrate, burrow in, and begin their usual destruction from the inside.

Unless we can figure out a way to keep the Jews out of our new nation, it is doomed from the start.

Cavalier

November 17, 2012 @ 5:35 am

Secession would seem like a good idea and I am tentively for it.

One misgiving I would have, a thought I came up with while watching similar movements arise throughout Europe, is that it could inadvertently play into the Jewish NWO agenda.

The UN still exists and would like to become the world government. Small States may find it harder to resist that goal.

China is vast and would like more room for its’ population. Since they are still very much Marxist and have always been traditionally racist I would worry about them.

Also Israel still exists and might be able to better threaten and manipulate small States. A coalition of Jewish influenced States could gang up on isolated ones.

I think if the States joined together in opposing Federal overreach and also brought criminal and treason charges against the President as well as many members of congress that would be a safer solution. It would more like a temporary secession to fix and restore the Republic to its’ original form.

Not to be misunderstood, I like the idea of secession, I am just pointing out the possible dangers in it.

What about the root of all modern greed roots, that is jewish colonization of every nation's central bank around the world?

Joe
November 17, 2012 @ 6:52 am

Although I like the idea of secession, I also believe it is unlikely. I think the more likely scenario will be that the few people who still have decent jobs simply give up and quit working.

For example, by the time the gov't and Blue Cross get done extorting my paycheck, I bring home sixty-cents of every dollar I earn. When it gets to the point that I bring home less than half, I'm finished playing their games.

Our financial collapse is being engineered (by you-know-who). Perhaps we should call their bluff and quit participating in their system on an individual basis.

Stephen
November 17, 2012 @ 7:09 am

I also like the idea of secession, but we need to exhaust all the power we have out of the 10th Amendment first, through nullifying unconstitutional federal laws like Obamacare, the NDAA, sexual assault by the TSA, etc.

There's a significant hurdle to overcome in secession, namely in figuring out what becomes of federal entitlements like Social Security and the like.

Not to mention the distinct possibility of Obama morphing into Abe Lincoln Jr and declaring war on the mostly Christian "Red" states which would secede first, using pompous arrogant liberals from Jewish-controlled "Blue" states as a new "Union" army!

Not a good scenario, to have a second Civil War what with all the space-age weapons the Feds would have at their disposal.

The only way secession could work is if we can get at least 3/4 of all the states to secede at the same time. This is do-able, but it would require organizing towards this end first.

In the meantime, we should pressure our state legislators to assert our 10th Amendment rights through nullification. A lot of states are already doing this.

Johnny Boy

In the petition issues one thing was left out: To abolish the Federal Reserve. This is a degenerate, parasitic bank that should not be allowed to continue.

Secession threat is encouraging news to get away from those East coast State Liabilities.

November 17, 2012 @ 8:38 am

Brother Nathanael,

You can't comment about secession without eliciting a southerner's response.

To me it has always been apparent that empowering the state empowers the individual and gives greater power to the locality, whereas empowering the federal government opens the door for tyranny, diminishing of the individual and increased ease of propaganda, social conditioning programs, etc.

When the Confederacy seceded 150 years ago, it was the last-ditch effort of wise men to stop what they saw as the inevitable rise of an unstoppable beast. I'm sure they saw the powers that fueled industry and the disregard the 'industrial revolution' held for the individual's sovereignty over his own soul.

Men did not leave their homes and families for slavery, they went and fought for 'the cause'.

What was that cause? I believe it's the same cause that any open-minded, Christ-following person attuned to his/her own heart believes. The cause is that we might live with REAL life, liberty and the pursuit of happiness.

These things have become unattainable and, worst yet, they have twisted the minds of the people through their wicked doublespeak so that the average individual cannot even recognize fact from fiction.

I dare to go this route, for what constitutes treason has become so vague, but my allegiance has always and will always lie with the recognition that God endowed us with certain,

inalienable rights, and the Constitution, un-amended, was meant to guarantee those rights for posterity regardless of what winds swept the political seas.

I know the men that fashioned, formed and fought for the land in which we live because I have spent my life, daily, studying them through the letters, journals, articles and books they wrote.

I know them by their words, and the Truth that guided them along with the Grace with which they guided their steps. They are my fathers because I seek to be like them, and bring honor to them, as any decent son would.

It has to start locally and spread until the state is consumed with the patriotic vigor. As states become united in their cause of restoring personal liberty and sovereignty of the soul to the person in Christ, NOT a corporation (BODY) that is anti-Christ.

It begins with everyone only speaking of this idea, forcing everyone around them to consider it, digest it and ultimately accept it, regardless of whether it conflicts with their programmed desires to discuss only the hedonistic trivialities of life.

In the end we will be judged by our God and the opportunities we seized upon to profess the Truth and Grace of our Savior, Christ Jesus, will be our shining moments.

Fan the flames of patriotism and renewal in Christ, ceaselessly work through both word and deed to set the example and encourage our brothers and sisters that life is indeed worth living when we rectify the wrongs of our fathers and reinforce the rights for which they fought so desperately.

May God bless all of us and keep all of us through His unending Love, manifested in the Grace and Truth of Jesus Christ, our Lord and Savior.

Amen.

Christian Davis

I also believe that one of the main reasons secession will not happen is because of the loss of so-called “Federal Money,” but let’s remember that there is no such thing as “Federal Money.”

The Fed Government steals money from you, takes their cut, and gives some of it back to you (if you’re lucky). The 7th, 9th, and 10th Commandments are violated in one shot.

People are so brainwashed, though. For example, any discussion of reforming Social Security results in calling reformers “Pinochet wannabes.”

Ah yes, the much-maligned Pinochet, who is hated almost as much as Hitler, and for the same reason: His dislike of Yid-run Communism. Of course, Chile's post-Pinochet Gov't is today getting their fingers in the pie again.

Once upon a time, the Church took care of the widowed, the orphaned, the sickly, and the poor. In this post-Christian age, people expect the government to do it, while Uncle Scam takes ninety-cents of every dollar for bureaucracy.
